Seminar Series - Spring 2014
Mitigation and Adaptation Strategies of Civil/Coastal Engineers for Future Sea Level Rise

February 14, 2014:     SLR Engineering Education & Research
Dr. David R. Basco,
Old Dominion University

March 7, 2014:    Corps of Engineers View in Aftermath of Superstorm SANDY
Dr. Charlie Chesnutt, Chiefs Office, Washington, DC
Dr. Lynn Bocamozo, NY District Office,

April 4, 2014:     Consulting Engineers Preparing for SLR
John Headland, Moffatt & Nichol, NYC

April 25, 2014:   European Union Perspective on Adapting to SLR
Professor Marcel Stive, Coastal Engineering,
Delft Technical University, The Netherlands

Sponsored by: Civil and Environmental Engineering Department, Civil and Environmental Engineering Visiting Council, Batten College of Engineering and Technology, and the ODU Climate Change and Sea Level Rise Initiative
