

# Stakeholder Meeting on Piney Run at Kings Eye, Maryland

April 21, 2021, 3:00 - 4:30 PM

We would like to invite you to a virtual meeting with stakeholders in Piney Run at Kings Eye, Maryland. In the *Sustainability and Conservation Leadership program* at ODU, the students in the Service Learning Course "Sustainability Leadership" have been carrying out a case study on Piney Run, taking a long-term perspective.

The *Sustainability and Conservation Leadership program* at ODU was developed over the last six years in close collaboration with the U.S. Fish and Wildlife Service. In this program, we developed a template that the student use for their case studies. Among others, the students map the relevant decision space, include stakeholder input in the development of a goal statement, look at the full spectrum of possible futures of the system they are considering, and after researching a number of possible interventions make specific recommendations for actions.

At the stakeholder meeting, the students will present their study and invite feedback from you. The URL for the Zoom meeting will be made available in due time.

Please, RSVP by email to [hpplag@mari-odu.org](mailto:hpplag@mari-odu.org) and [mamie.parker@icloud.com](mailto:mamie.parker@icloud.com)
